

It's Party Time.

The Men's Club at the Neighbourhood House is having a lunch.
See John Taylor.

The Neighbourhood House is having a lunch for all its members.

See the notice Board.

**The Shed is Having a get together.
On Thursday 19December. 4 for 4.30 P.M.**

At The Country Club Function Rooms.

Shedders, Wives or Partners, Committee and Sponsors.

Prizes!

Watch for your invitation.

What has passed is behind us.

A great effort at the **Country Club Working Bee**. The start of a good relationship. We thank the Club for their hospitality. The clean-up is continuing.

The Fete was an opportunity to support the Neighbourhood House. It was good PR and we raised \$285 with orders of equal value. 10 shedders.

Entered in Dog Competition.
Best smile award. Hardly!

Getting down to work.
Hands in pocket and coat off.

John Drysdale has led us well as the Shed Manager. He is still a shedder and we will thank him at the Men's Club Lunch at CBs.

In the meantime, many thanks for your leadership from the front.

Many hands make light work at the Mount Eliza Primary School. The ~ \$1,000 gift voucher added a host of power tools to the shed. The review panel have accepted the financial report held over from the AGM.

What is next is a challenge before us.

We have our new saw and thicknesser. And More.....

The shed tidy up is in progress to make way for the new tools. It never rains but itmore tools and hardware donated. The shelves are on their way. The defibrillator has been installed and you need to know how to use it.

Some time ago the shedders met and set the opening days and times for the shed. I now have a proposition that the Days and Times advertised in the paper and posters are as follows:-

Tuesdays, Wednesdays, Thursdays 10 A.M. – 1 P.M.

Ring before visiting.

Of course you can come at 9 A.M. obeying the rules of at least 2 in the shed. Do let the secretary know if that is indeed your wish.

The Notice Board which has ben in the pipeline may be on the move!

The Kunyung Project is under way and will not be installed till just before the new school year begins. In the interim we hope to catch up on fulfilling the orders from the Fete.

The Working Bee for the Chamber of Commerce of Mount Eliza was well supported on Sunday. The Bins were suitably decorated. We thanked the organisers for Coffee and cake afterwards. Our community involvement is being noticed and appreciated.

Alex Anderson has met with the President of the Country Club to further cement our relationship and promote the expansion of the shed.

The Commonwealth Bank at Mount Eliza presented the shed with a cheque for \$500.00 as a community grant.

Manager Ross Hall and President Alex Anderson holding the cheque. The rest were trying to add 0000000s to the amount. Many thanks to the Commonwealth Bank.
