PLANNING AHEAD, with ACTION, must be our collective intent for the months and year ahead. Together with considerable ‘behind the scenes’ work for our proposed new Shed to provide a suitable meeting/working place, are our projects – smaller and larger! Projects are our ‘bread and butter’ – making personal items, building things for fund-raising and projects for the community. Additionally, our focus must include taking responsibility to ensure we are true to our values/priorities. Our Shed values include friendship, support and respect for each other, mateship, sharing skills, and contributing to our community via Shed initiatives. Our efforts should strengthen both individual and group well-being for men. To succeed, we need to share the load, value what we each can offer to ensure our Shed goes from strength to strength. Help our Shed offer more to more members!

A **school community project!** Kunyung Primary School has invited our Shed to undertake an outdoor project - creating a mini-amphitheatre. This will involve building and installing four simple bench seats and an outdoor 'chalkboard'. Adam Gregson, John Taylor and Don Reeves have inspected the site, and will submit a quote with suggestions on a simple lay-out plan. Adam to co-ordinate.

Things to Think About.

Membership categories: With the growing success of the FRIDAY Social Club program (one that does not require 'hammers and nails', a program of lower insurance risk), but presently requiring membership of the Neighbourhood House, do we need another category of Shed Membership. (one with a lesser annual membership fee??)

Never criticize someone until you have walked a mile in their shoes.

(That way, when you criticize them, you'll be a mile away, and you'll have their shoes.)

What do Alexander the Great and Winnie the Pooh have in common?

(Same middle name.)

I couldn't believe that the highway department called my dad a thief.

(But when I got home, all the signs were there.)

My grandfather died peacefully, in his sleep...

...not screaming like the passengers in his car.

Why aren't koalas actual bears?

(They don't meet the koalafications.)
